

December 2002 Newsletter

Lung Transplant Unit:

Members may have been concerned at the content of recent media reports implying that the long awaited transplant unit may have been in danger. The Department of Health and Children have reassured us that this is not the case, and as far as they are concerned the programme will be commencing in the New Year. We will remain in constant contact with the Department, and inform you of any developments.

Newsletter:

Just before the holidays begin - one more reminder to all those who have material for the newsletter. Please send it in to us; we need to go to the printers as soon as possible!!

CF House Christmas Closing:

CF House will be closing for the Christmas break on Friday (evening) 20th December. We will be reopened on Monday 30th. The Office will be closed on New Year's Day.

Christmas Greetings:

From all of us here in CF House, we would like to take this opportunity to wish you and your family the very best this Christmas and New Year. The Association would not be able to continue its work without your ongoing dedication and enthusiasm. We look forward to working with you in 2003.
